

Finger Buffet

We offer three finger buffets: a five item, seven item, or 10 item.

All three buffets come with either a selection of brown bread and flatbread sandwiches with various fillings, bacon baps, or pulled pork baps.

Then choose the number of savouries you would like for your buffet. Some items will be served warm. Guests with dietary needs will have separate platters for them, labelled with the allergies.

All of our finger buffet items are homemade; we ensure that all items that you choose are served on their own and not mixed with other items.
