

Loaded Fries Experience

Don't you just hate it when you order Loaded Fries at an event and they put all the chips in the bottom then pile it with the topping!

We at JLS have tried to master the Loaded Fries experience.

We use seasoned triple cooked fat chips cooked in vegetable oil and create layers so the chips get covered in flavour.

Your Meat and Vegetarian Options (all layered between seasoned Triple Cooked Fat Chips)

Chunky Brisket of Beef Chilli - with a cheese sauce, grated cheese, topped with a light tomato salsa and crispy tortillas

BBQ Shredded Pork - with coleslaw and topped with crispy onions

Breaded Salt and Pepper Chicken - with a hoisin dressing and topped with an Asian slaw

Vegan Chilli - with a cheese sauce, grated cheese, topped with a tomato salsa and crispy tortillas

Then finish it off with your favourite sauce available on the side table - ENJOY!
